**DR SUNDARI PRAMA**  
HEAD, SCIENCE

PeRL plays a very crucial role in the professional development of the teachers in RGS. Its contributions in the last 10 years has significantly shaped the competencies and reflective practice of teachers. It continues to empower teachers to showcase their best practices at national and international platforms. The PeRL team have exemplified a high standard of professionalism and care when addressing the learning needs of individuals and departments. I wish them all the best as they continue to strive to greater heights. Happy 10th Anniversary!

It is amazing the wealth of collective knowledge there is in our fraternity. But more gratifying is the generosity, professionalism and commitment shown by members of PeRL when working with our departments. Their research-based approach enriches our instructional practice and helps us all be more effective professionals in our interactions with students and colleagues. Happy 10th Anniversary, PeRL!

**MR MD FAIZAL**  
HEAD, HUMANITIES

Having PeRL on-campus as part of the wider school set-up has given many teachers the courage to be bold, to experiment and to work towards improving teaching and learning. PeRL helps to uplift the teaching craft and presents teachers with empowering opportunities to showcase best teaching practices, to collaborate with one another and to be organic in seeking continuous professional development. This indomitable teaching spirit comes alive through the work of PeRL. Happy 10 and for many more to come!

TEACHER

PeRL has helped me grow more confident in my pedagogy and also has sparked curiosity in me to always reflect on my teaching. With the strong support that the PeRL team provided, I was encouraged to delve deeper into Visible Thinking Routines. Thank you to all the talented and passionate members in PeRL and to many more years of successful partnerships with educators and create a world-class learning environment! Happy 10th Anniversary!

A decade ago, PeRL was pioneering a grand vision that research, a pursuit more often associated with tertiary institutions, can flourish in the backyard of a secondary school. Ten years on, there is a body of research that informs teacher practice and school policy, and the pioneering spirit is undiminished, as PeRL forges on to connect with the larger educational community beyond the physical boundaries of the school. As disruptive technology begins to affect education, these are exciting times to be with PeRL to ride the storm into the next decade.
